Vacuum cleaners

Product reference

ASL2500SE

Synchronous vacuum for liquids and solids / ASL2500SE

Brand

Bellota

EAN code

8414299032666

Use

Suction of both solid and liquid waste from workshops or
different work areas.

Bullet points

- Wet and dry vacuuming of solids and liquids to help you with the most complete cleaning.
- Synchronous socket that allows you to connect different power tools up to 1000w to the vacuum cleaner.
- Special blower function that helps to pile up dust and debris for faster and easier cleaning of large areas. Increased efficiency.

Description

Vacuum cleaner for liquids and solids 2Kw max. Suction power of 16 kPa and maximum airflow of 28 l/s. 25l capacity. Its synchronous socket allows the use of a tool of up to 1Kw. It also has a blowing function. Includes an extendable stainless steel pipe, a flexible hose, floor brush suitable for water suction, a combination brush, a narrow suction nozzle and filters for optimum performance: sponge filter and fabric bag. It has swivel wheels and the option to collect all the accessories on the body of the vacuum cleaner itself, for greater convenience.

Characteristics and attributes

Attributes

Power (Kw): 2

Tank size (l | gal): 25

Characteristics

Max. Intake (kPa): 16

Body material: PP

Hose type: 2 metre hose with a diameter of 32 millimetres, EVA rubber material.

Pipe type: Extendable metal pipe, 440 millimetres

Water suction brush

Combination brush

Cable storage

Hose lock

Tank drain

Washable foam filter

Fabric filter bag
